

# EPIC Center for Learning

Empowerment

Potential

Individualization

Connections

## Looking for a school where your child can flourish?

EPIC Center for Learning's **mission** is to provide high quality instruction in a safe, respectful and inclusive environment where everyone is valued. All staff members and families are committed to empowering students to meet current and future challenges to build a foundation for life-long learning.

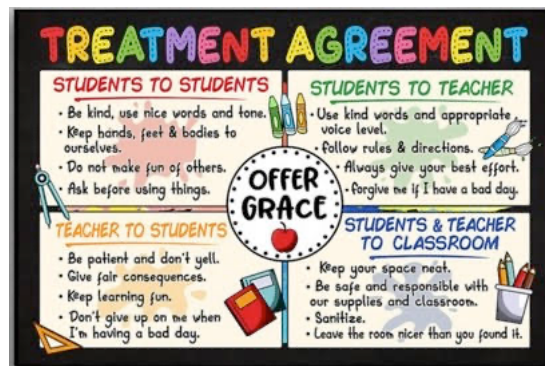

EPIC Center for Learning's **vision** is to create an environment where positive connections are developed with students so they can achieve their potential and become independent life-long learners.

EPIC was started by a group of educators and professionals who saw a significant gap in the educational services offered to students with learning challenges. We recognized that our children's real challenges extended beyond academics, to their ability to function successfully out in the community.

Along with the curriculum, we focus on other aspects of education that are often overlooked. At EPIC we are extremely pleased to offer a program rich in academics, yet equally addresses the myriad of real-life skills necessary for continued development. We put an emphasis on creativity within a structure that has been proven to have a positive, therapeutic impact on learning.

We provide Speech/Language and Occupational Therapy Services.

Our tuition can be fully supported through the Arizona Empowerment Scholarship Account Program (<https://www.azed.gov/esa>) or Arizona Private School Tuition Organization.

Please contact us for more information at 520-314-7705.
